# There's a reason it's a classic.

Gerstner has been making tool chests for over 100 years, and this style of case has proven again and again to be the ideal storage capacity for the widest variety of uses.

Choose between our recently redesigned T20A five-drawer style, with a locking bar, and our T24 style, with two additional center drawers.

GI-T20A-M20A

GI-T24-M24

### GI-T20A-M20A or GI-T24-M24 Chest and Base Sets

Our cases and chests are created to stack nicely, for a versatile storage system. It's useful for diverse and expanding product lines.

Our GI-T20A-M20A has the five-drawer case and two-drawer base. Our GI-T24-M24 set includes the eleven-drawer case and three-drawer base.

Each set includes a total of four keys—two for the chest and two for the base.

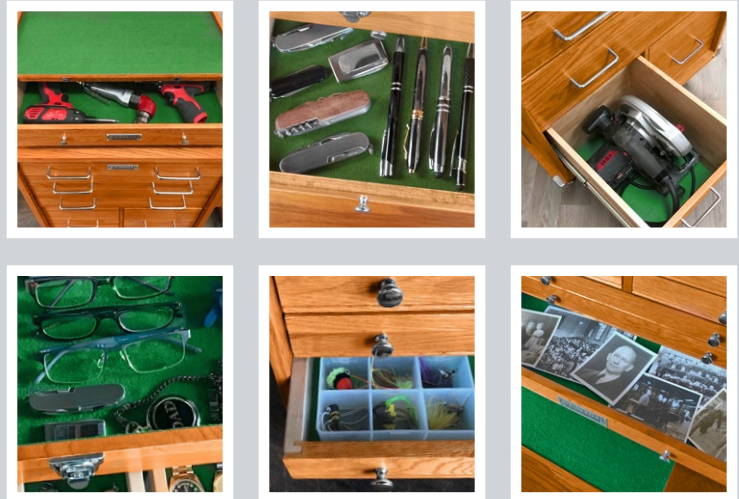

For drawer specifications, please visit the website at: [www.Gerstner-International.com](http://www.Gerstner-International.com)

# Why “where” matters.

## The perfect solution for many situations

You can always tell a quality product by the way it's stored—an everyday necklace is fine in a dish, but grandma's diamond ring should be protected by lock and key. Whether your business caters to collectors, supplies hobbyists, or makes precision tools for professionals, show your customers the quality of your products by the quality of storage in your offerings.

These chests and cases are designed to serve a range of target customers. All are made from wood and lined with felt, which draws damaging moisture away from delicate possessions. The classic design is dignified in any setting.

The right storage option, right where you need it.

GI-M20A

## Maximize storage space *and* counterspace.

This base can be an addition to the chest or rolling unit. It can add storage without taking up valuable work space under a computer or printer, a sewing machine, a set of books or a collection on display.

It makes handsome watch and jewelry storage on a bedroom dresser. Wherever there's a need for some extra lockable storage, a Gerstner International base comes in handy.

**GI-M20A Base** (compatible with GI-T20A Chest)  
**GI-M24 Base** (compatible with GI-T24 Chest)

 GI-M24: Weight: 22 LBS - Overall Dimensions 25 1/2" W x 11 1/4" D x 9" H

# Ideas that move need workspaces that follow.

Extra large drawers and an additional workspace wherever you need, the GI roller cabinet is the darling of workshops and studios.

Every drawer on the Roller Cabinet has a rated weight capacity of up to 60 lbs. The flat surface on top makes an easy workspace on the go. It moves easily when you want it to, and when you need it steady, two of the wheels lock to keep it in place. Once the day is done, it can easily be tucked out of the way, the side table folded down and the bar put into place to keep the drawers securely locked.

## The benefits of elbow room

The side table comes in handy when you need a little extra room, and it hides away for easy storage and a tidier workshop.

**Note:** This item has been designed to ship via UPS—it ships at an oversized rate. Minimal assembly is required and instructions are included. The Roller Unit ships with the wheels stowed in a drawer, and they can be easily attached with the included bolts and allen wrench.

## GI-R20 or GI-R24 Hobby Rolling Cabinet

- Red Oak construction with tongue and groove joinery insures strength and durability
- Perfect blend of hardwoods and choice veneers, providing protection from moisture
- Green felt-lined interior provides cushioning
- Hand-rubbed stain with lacquer finish
- Polished chrome plated hardware
- Locking Bar stows on side of the unit when not in use and covers drawers in locked position.
- Includes 2 keys for lock

GI-R20: Weight: 94 LBS - Overall Dimensions 23 5/8" W x 17" D x 33 3/4" H  
GI-R24: Weight: 101 LBS - Overall Dimensions 27 3/4" W x 17" D x 33 3/4" H

# Built to start, and grow, and grow...

Bring out the three-piece set:  
**GI-T20A-M20A-R20**  
**GI-T24-M24-R24**

Together, all three pieces give you the best variety of drawer sizes and huge storage capacity, all in a versatile movable unit. It is the ideal setup for serious hobbyists and professional artisans. For travel, one could easily take essential tools in the chest, while keeping the rest safe under lock and key in the workshop.

- Red Oak construction with tongue-and-groove joinery ensures strength and durability
- Hardwood design and green felt lining provides protection from moisture damage
- Hand-rubbed stain with lacquer finish
- Polished chrome plated hardware
- Includes six keys—two for each piece

## T20A and T24 Chests

- T20A: removable locking bar keeps drawers secure
- T24: front lid stows under drawers in the open position and covers drawers in locked position
- Side handles for moving easily
- Top lid with classic diamond mirror display

## M20A and M24 Bases

- Flat, felt-lined top provides display workspace
- Side handles for moving easily
- M20A: removable locking bar keeps drawers secure
- M24: front lid stows under drawers in the open position and covers drawers in locked position

## R20 and R24 Roller Cabinets

- Locking Bar stows on side of the unit when not in use and covers drawers in locked position.
- Foldable side table, held in position with locking bar
- Large drawers rated storage capacity up to 60 lbs

# Precious collections deserve more than the miscellaneous drawer.

These three designs run the gamut, from the most portable to the highest storage capacity. For precision tools brought along on the road or a huge collection on display at home, we have the perfect size of specialty chest for every passion and profession.

- Red Oak construction with tongue-and-groove joinery ensures strength and durability
- Perfect blend of hardwoods and choice veneers, providing protection from moisture
- Green felt-lined interior provides cushioning
- Hand-rubbed stain with lacquer finish
- Polished chrome plated hardware
- A locking mechanism for secure storage, and two keys

One Chest,  
Maximum  
Storage

## GI-T22 MAX 11-Drawer Chest

This tall 11-drawer chest has more overall storage capacity than the T20A and M20A combined. It has larger drawers than our other designs. It maximizes counter space without the traditional front panel, using a unique interior locking system instead.

Need a lot of storage around a workshop or studio? Combine this with one of our roller units for more drawers that'll go wherever you want.

*Please note: The GI-T22 is compatible with the R20 and R24 Roller Cabinets.*

GI-T22

GI-T22: Weight: 44 LBS  
Overall Dimensions 21 1/2" W x 11" D x 24 1/2" H

## Three storage capacities to match any need.

GI-T12

GI-T12: Weight: 8 LBS - Overall Dimensions 11 7/8" W x 5 3/4" D x 8 1/8" H

### GI-T12 MINI 4-Drawer Chest

Small and lightweight, our most portable chest gives peace of mind to those taking jewelry, hobby tools, coin or pocketknife collections on the road. Thanks to the removable lock bar, all drawers remain securely closed during travel—no spilled or lost contents.

The mini is most often used by gift brands and for employee gifts. It's great for everyday use without taking up much desk, dresser or counter space.

**From Mini to Mighty, the Best in Portability**

### GI-T16 MIGHTY 6-Drawer Chest

You've seen the Mini, now see the Mighty—our other take on the portable chest. This is our latest design, inspired by customer feedback. A blend of style and interior locking system of the T22 with the top handle portability of the T12. It has six locking drawers and a top well.

GI-T16

GI-T16: Weight: 14 LBS  
Overall Dimensions 12 1/4" W x 8" D x 14 1/4" H

# It's compact, it's classy, and it's functional.

Put the Mini-Max in your office to organize your desk and hold small tools and another in the kitchen to keep household items handy for quick repairs. Use one to keep small items, like jewelry or a pocket knife collection neatly organized. The small, compact size won't take up much precious desktop, garage or workshop space, but will come in handy for organizing the tools, parts and other small items needed to make those day to day adjustments on everything from toys to lawn and garden equipment.

- Red Oak construction with tongue-and-groove joinery ensures strength and durability
- Perfect blend of hardwoods and choice veneers, providing protection from moisture
- Green felt-lined interior provides cushioning
- Hand-rubbed stain with lacquer finish
- Polished chrome plated hardware
- A single key locks the whole unit – chest comes with 2 keys

## GI-T10 Mini-Max 6-Drawer Chest

Great ideas can come in small packages, and the Gerstner International Mini-Max Chest is proof with its Mini Size and Maximum Versatility. It maximizes counter space without the traditional front panel, using a unique interior locking system instead.

Ideal for storing tools, parts, pocket knife collections, small office supplies, crafting items, jewelry, and other small items.

It's a must  
have for your-  
self or makes  
a great gift!

GI-T22

GI-T10: Weight: 4 LBS  
Overall Dimensions 10" W x 5" D x 7 3/4" H

GI-T19

- Red Oak construction with tongue-and-groove joinery ensures strength and durability
- Perfect blend of hardwoods and choice veneers, providing protection from moisture
- Brown felt-lined interior provides cushioning
- Polished chrome plated hardware
- A single key locks the whole unit – chest comes with 2 keys
- Adjustable forks

### GI-T19 Maintenance Case

Crafted from the finest hardwoods and veneers, this case is sure to be an essential addition to help maintain and store your hobby maintenance needs. Both handworking and functional, your maintenance case will exceed your expectations for reliable pack and carry of your chosen necessities. This case can hold artist supplies, small garage tools, household tools, gun cleaning accessories, fly fishing parts and much more.

The upright forks feature adjustable openings to hold most guns, fishing rods and other long items that need to be held securely, so your hands are free to clean or maintain your item. The forks are designed to fit securely on the center partition of the case, the forks slide up and off the partition without the use of tools and can then be stored in the drawer or under the sliding tray.

The top opens to reveal two uniquely designed areas with a vast array of storage capabilities. The front compartment has a sliding lift-out tray to hold your smaller parts with additional storage below the tray for pieces up to 1-1/2 feet long. Behind the partition is an 8 inch deep compartment designed to hold the large 12 oz spray cans and other items that must be kept upright for storage. In addition to the capacity inside the chest, there is a full width drawer to complete your storage needs.

The GI-T19 is constructed of American red oak hardwood and red oak veneers. The top handle makes this chest a breeze to carry with you on any of your travels. While the chest lock gives you peace of mind knowing your valuables are safe and secure. Sturdy chrome hardware gives the chest added strength and durability while the non-marring rubber bumper feet allow you to set the chest down without fear of leaving scratches or dents.

**Great for artist supplies, tools, fly fishing parts and much more.**

GI-T19: Weight: 16 LBS  
Overall Dimensions 19" W x 9 1/4" D x 9 1/4" H

# A place for every tool and treasure.

## Sell with confidence. We've got your back.

### They can count on you because you can count on us.

From designing our cases and chests to packaging them for delivery, we work hard to find the perfect balance of function, affordability and quality to suit your customers' and your company's needs. We also back each our products with the following guarantee and warranty:

#### Our Guarantee

If you have any problems upon receipt of the product, or if your customers have concerns upon sale,

our dedicated team will work with you to find the best solution. For over 100 years, our success has been attributed to customer satisfaction, and it continues to be at the core of Gerstner International.

#### 90-Day Warranty

Our products are all under a warranty to be free from defects in materials and workmanship, guaranteed for a

period of 90 days from the date of original purchase. For any chest, case or cabinet, we will repair or replace any defect up to—but not exceeding—the purchase price. This is a limited warranty. It does not cover any product subjected to abnormal use, including misuse, unreasonable use, neglect, lack of maintenance or post-purchase modification.
